RE: Permission Slip for Photos and Video Recordings

Dear Parents:

According to the updated child care licensing and operating standards, it is now required that all childcare facilities have the parent's written consent to take photographs and/or videotape of any child. Therefore, below you will find a permission slip stating that you, the parent or guardian, grant Rockwood Acres Childcare staff permission to take photos and/or videotape of your child.

If you have any questions, please do not hesitate to ask. Please sign the permission slip and return it to me immediately. Thank you for your cooperation.
