RE: Permission Slip for Walks

Dear Parents:

According to the updated child care licensing and operating standards, it is now required that all child care facilities have the parent's written consent to take any child off the center's premises. Therefore, below you will find a permission slip stating that you, the parent or guardian, grant Rockwood Acres staff permission to take your child on a walk in the nearby neighborhood and sliding on hill outside the fence. If at any time we decide to go on a walk and there will be no children or staff remaining behind at the Center, there will be a note posted on the door stating our whereabouts.

If you have any questions, please do not hesitate to ask. Please sign the permission slip and return it to me immediately. Thank you for your cooperation.
